

CEDRUS CLUB

Cedrus: noun / 2nd declension / feminine
Cedar, juniper, cedar wood, cedar-oil

Welcome to the Lord Wandsworth College **Cedrus Club**

The Cedrus Club has been created to formally recognise those generous individuals who have donated over £5,000 either as a one-off donation, or an accumulation of smaller gifts over time.

The Cedar tree is a symbol of strength, support and connection, protection and stability - all characteristics that seem particularly apt for this donor club.

LWC's iconic Cedars stand tall on the lawns overlooking the playing fields. These trees are etched into many a pupil's and Sternian's memories - whether covered in snow or acting as shade on a beautiful summer's day.

The College was founded on philanthropy, and this generosity and kindness continues today. We have achieved so much, and have aspirations for the future due to a flourishing Cedrus Club.

As a small gesture of thanks, all members receive a beautiful cedar branch pin badge and invitations to special events.

Gold Membership is for anyone gifting £50,000 or more, with members receiving a gold badge. They also have the opportunity for their name to appear on an exclusive donor board.

Thank You
