

1912 SOCIETY

# 1912 SOCIETY

Lord Wandsworth College was built upon the bequest of Baron Sydney James Stern. The 1912 Society was created to recognise and bring together, those generous individuals who have followed in Sydney Stern's footsteps.

Every member of The 1912 Society wants to give something back to the College. However, not all of us are in a position to do so during our lifetime. Making provision in our Will is a great way to support the College in the future if we cannot commit to giving right now.

Members of the 1912 Society are invited to an exclusive annual event as well as invitations to other College events throughout the year.

We will also keep them up to date with appropriate news and show the impact donations have on the education of pupils at LWC.

The Society offers a great way to keep in touch with like-minded people and most importantly, gives us at LWC the opportunity to thank them for their generosity and forethought. Current members enjoy being part of this group, knowing that they are all planning to help support the College in the future.
