

LORD  
WANDSWORTH  
COLLEGE

## SIBLING DISCOUNT POLICY

# Sibling Discount Policy

## **Sibling Discount Policy**

Lord Wandsworth College does not offer discounts when two siblings attend. Discounts are available when three or more siblings attend concurrently.

### **Third sibling**

A discount of 7 per cent of fees per child will be applied when three siblings are attending Lord Wandsworth College or St Neot's Preparatory School, provided that all are in the process of each completing a minimum of five years of education there. The discount is only applicable if all three children are in full-time education at the schools (sessional care in the nursery is excluded).

### **Fourth sibling**

In addition to the above, if a fourth sibling attends the College, all will receive a 10 per cent discount on fees for the time that they attend concurrently.

### **Extended families**

The College will consider on an individual basis any sibling relationships created as a result of second or subsequent marriages by parents who have or have had children at the College.

Enquiries regarding sibling discounts should be made to the Director of Admissions.
